Lorena Vrbanic

A passionate and motivated junior front-end web developer, eager to contribute my skills and creativity to a dynamic team. With a solid foundation in HTML, CSS, and JavaScript, along with experience in building responsive and user-friendly websites, I am ready to take on new challenges and further expand my skill set.

Experience

Front-end Web Development - Freelance/Personal Projects

- Designed and developed multiple personal projects implementing a various range of skills
- Researched latest and best practices to ensure product quality
- Conducted thorough testing to ensure cross-browser compatibility and responsiveness

Senior Supervisor - Starbucks Ireland, Dublin
May 2021 – November 2023

- Got accustomed to managing multiple tasks simultaneously, prioritizing responsibilities, and meeting deadlines
- Developed adaptability and problem-solving skills which allowed me to quickly resolve unexpected situations

Projects

Candle Delight

- Designed and developed a website for a local small-business from scratch
- Used Figma and Canva to communicate client's wishes into the design, and worked with Bootstrap and SCSS to create a clean code with minimal repetition

Trivia Game App

- Developed a responsive trivia app using React, integrating state management to handle categories, dynamic question loading, and user interactions
- Used DOMPurify for securing user inputs and rendering dynamic content, along with custom styling for different categories to enhance user engagement.
